

We are a small local registered charity offering services to the homeless in our community. For the past 23 years we have contributed to supporting adults who, for one reason or another, have become homeless. We operate the only direct access, emergency night shelter in the county. Since our Night Shelter opened in 1997, we have supported over 4000 people.

Our services to these otherwise socially excluded people include:

- Night Shelter for 14 adults, with kennelling facilities for 1 dog.
- Charity Shop selling items at affordable prices.
- Counselling service.
- Rehabilitation guidance.
- Resettlement service with floating support.
- Life Skills sessions
